

INDIVIDUAL PROJECT PROGRESS REPORT

Date	September 2026
Student Name	Njabulo Mthethwa
Student No	221032310
Project Title	Setshabelo Integrated Website & Mobile Application
Stakeholder	Setshabelo Primary School
Project Group	Secret Design
Document Type	Individual Progress Report
Current Focus	System Requirements, Use-Case Analysis & System Design

1. WEB UI DESIGN

I was responsible for going through system requirements, to get an understanding of how the UI should be on the user side and implementing it. in parallel with team to ensure mobile and web designs align.

2. PERSONAL REFLECTION

This part of the project taught me that designing the UI for a system is not as easy as it may seem, there is a lot that goes into it, also ensuring there are no mistake, and that it satisfies stakeholder needs.
